Text answer, answers 83x, unanswered 2x

Add more ways to be able to study but also relax for young adults or teenagers
advertise around more
affordable housing
being more included and more community events
By being more out reaching and being able to promote what OCP is more
By doing more for everyone
Clean the city
Create better transport and amenities
Meet everyone's requirements
more and better housing
more greenery
more housing
New communities and maybe career interests

CRAG Survey: Young Person's views on the One City Plan

Create more spaces for young people to hang out the prevent them causing trouble

Diversity in Chester with different shops plus more activities to do in chester

do as much as they can to satisfy peoples needs

Do more

educate people

get more people included

get their voice heard more by the community

Give young people jobs

Have a better sport industry allowing for inter community competitions 👍

homeless and crack down on drug usage round the city centre

Take a more upfront approach to get as many public opinions as possible

They can have more affordable flats and apartments for people with their first house and bring in more businesses for job opportunities.

CRAG Survey: Young Person's views on the One City Plan

I'm not sure, they are doing alot.
Improvement on education and healthcare globally
Improve public transport.
Include more on young people
Include plans for the hospitality sector
Invest
it does quite alot already
Keep the streets clean, open better shops
Let everyone's voice be heard
Letting more peeps know it exists?
Make housing prices cheaper & more accessible for young people
make it easier for people to get housing
Make public transport better

How can the OCP do more for young people? Is there enough opportunity for the OCP to do more for you?

Text answer, answers 83x, unanswered 2x

Actually listen to us.
Add a KFC to Chester
Advertise it around and outside the city 🍷
affordable housing
Affordable housing
Allow for jobs, make it easier
Better mental health care
Better transport
Improve websites online for schools (learning platforms) and better school journey
Include how young people can get involved
Interact with them
I think for young people they can maybe help them by giving them opportunities to get where they want to be in life

CRAG Survey: Young Person's views on the One City Plan

By being more appealing to the younger generation
come into schools to educate young people
create more amenities
Create more areas for young people and opportunities to work
Create spaces
Do more
get involved with schools
Have more accessible places for fun activities
help more with education for college
I believe so.

CRAG Survey: Young Person's views on the One City Plan

jobs and housing
Keep the heritage
make in more interesting for them.
make more jobs available for young people
Make more places for young people to spend time because everything is so limited that it gets boring to spend time in chester
Make sure they know where to find information out
Market the uni more
More activities
more advertising for job opportunities
more greenery
more hangout spots fun things to do
More job and affordable housing
More job opportunities

CRAG Survey: Young Person's views on the One City Plan

more jobs

More places to study like story house

More study spaces.

More to do

Set up places specifically for revision.

shopping opportunities

Survey young people, use the results at CRAG to think about new ideas

They can encourage schemes for young people too afford housing since around here inflation has bumped up interest on mortgages.

youth hub or place for teenagers
